Speed Dating Events, Completion of Local Trainings and much more!

Latvia

February was a very active month regarding Go Remote project activities in Latvia, as the team held 3 successful speed-dating event online, involving in total 33 companies, most of them SMEs, and careful selection of 235 participants in total, while also 86 young people are involved in active mentoring programme to care out their career path. The trainings phase has ended in end of the January, and started its research phase,- analysing the data before tsarting to conducte

the next set of trainings for improvement. The team also has focused on providing extra vacancies for the newly skilled remote workers to improve their employment situation and sending out the newsletter with fresh job opportunities. The organisation also has focused on lead management task to collect the results of target population reached and trained, and employed via project's activities in each beneficial partner countries.

Speed-dating events were targeted for former NEETs of the

project, that in end of January (26th of January) have completed the training in either Digital marketing, Data Input, Client Support or Remote Work Skills course. The participation was open also to the public, and resulted in 389 applications, from which by using carefully created algorithm were selected the priority group of 235 young people, and matched with vacancies in the companies. Digital Marketing Speed-dating event had 14 Client support Speed-dating had 11 and Data input had 8 companies/organisations with multiple vacancies available for fully remote or hybrid work.

The team gathered feedback from companies ar participants were extra-positive from bot sides, and we enjoyed to navigate the process of potential employment for NEEts in Latvia, as the statistics show that in 2020, 33.2 thousand (11.9 %) young people aged 15–29,

and 19.5 of them aged 25-29 neither in employment nor in education and training, according to Results of the Labour Force Survey of the Central Statistical Bureau (CSB). As a team behind “Visas Iespejas”, we feel obligated to continue working on this tool for the youth searching for remote work opportunities as it is accessible for everyone with the internet connection, and you need less efforts to get a chance to work at the well paid job. When analysing provided feedback from companies and participants, majority rated the experience of the event either 4 or 5 in the scale of 5 stars.

Mentoring programme for youth will run till end of April, when the participants will finish their time with mentors. After speed-dating, we have offered mentoring also to the participants who will decide to take a job offer from

employers that participated in the speed-dating event for their good onboarding the te new workplace. The progress of mentoring will be analysed when all mentees will hand over their reports, but overall matching process has been successful, as only 2 participants have chose to stop individual mentoring du to not the best match. Additionally, the mentoring team has provided all partners with recording for Mentees together with additional learning materials and presented 2 and a half hour session about "Personal and Career Growth" in English to prepare mentees for career development in their countries.

It has been fun and active month for the project and we are excited to see March coming closer - full or preparation for the next cycle and employment improving activities for youth, not in education or training.

Croatia

DIGITAL MEDIA OFFICER COURSE SUCCESSFULLY COMPLETED

10/02/2023 was held the final exam for the Digital Media Officer course. The course participants had the task of analyzing social networks and the official website of the Local development agency Pins and the official Croatian website of the Go remote project. They were divided into 6 groups, and had to find the good and bad sides of the site and give ideas for its visual and content improvement. They had to present the results of their research to the employees of the Pins.

Also, one of the tasks was to create a Facebook campaign for the upcoming new round of trainings that will start in early April. We will certainly use some of the ideas in our promotion.

Congratulations to the participants

who successfully overcame all the challenges and we wish them luck in finding a job!

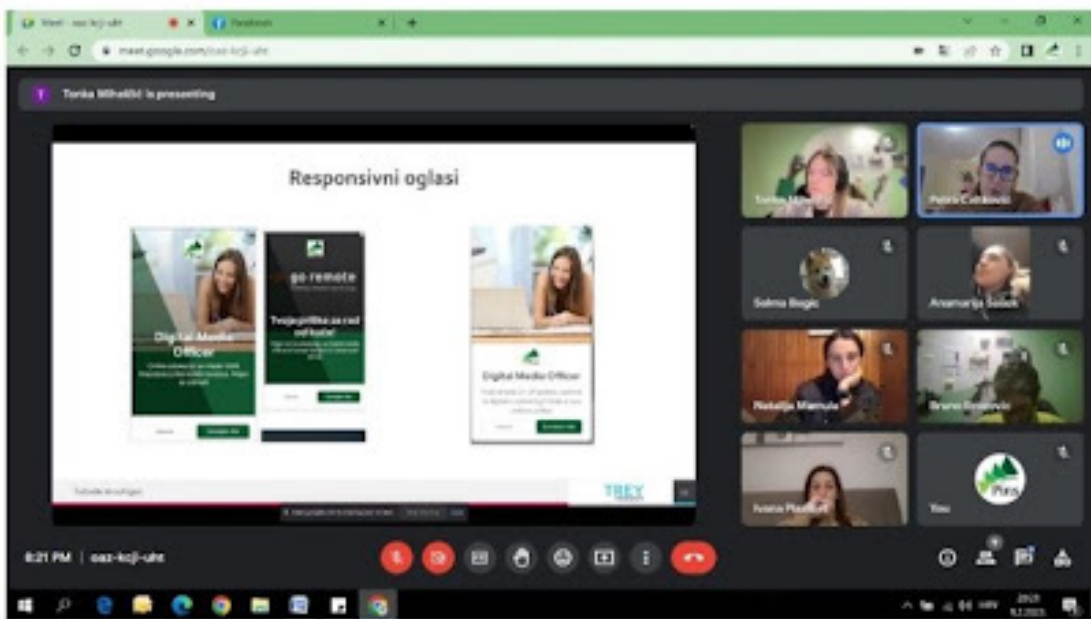

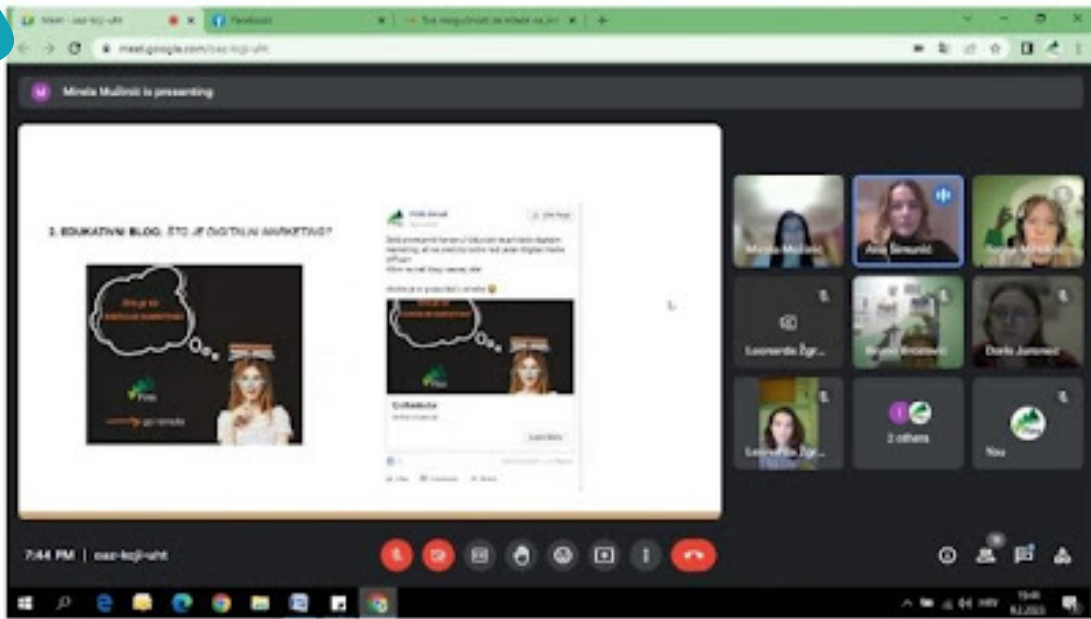

Bulgaria
