## Online Speedating Events, Preparing for Upcoming Autumn!

### Latvia

In June 2023, the team in Latvia of the “Go Remote: Unlocking Youth Potential” project had a busy month filled with various activities. Here’s a description of the events that took place:

#### Training Workshops:

The team organized three training sessions twice (Tuesday and Thursday evenings) a week online simultaneously for more than 300 people: Data Input 1, Data Input 2,

and Digital Project Management. These workshops aimed to enhance the skills and knowledge of the participants in these specific areas. The team successfully completed these trainings during the month.

#### Decreased Activity due to Sunny Weather:

With the arrival of sunnier weather in June, the overall activity levels dropped by 50%. This could be attributed to people taking advantage of the sunny days to engage in outdoor activities and

spend less time indoors attending events.

### Gathering Feedback Surveys:

Another team focused on collecting feedback surveys from the participants. They managed to gather a total of 109 responses across all the courses. This achievement met their goal, and the team was pleased with the positive feedback received regarding the lectures and training materials.

### Assisting Other Teams:

The team members from Latvia provided assistance to the teams in Bulgaria and Croatia. Their expertise in organizing online events and creating web developments enabled them to help prepare for speed dating events conducted online. Additionally, they assisted in developing online spaces and making web improvements for various applications.

### Management Team Meetings:

The management team held

two partner meetings during the month. These meetings primarily focused on working on the fourth Interim report and discussing its contents. Furthermore, on June 6th, one of the meetings transitioned into a workshop aimed at improving the IT Knowledge Hub. The IT project management team also worked on creating a new landing page with enhanced flexibility.

## Croatia

### LOTS OF GOOD NEWS FROM CROATIA

#### Second round of Job speed date event

On Jun 21st, 2023, a second round of Job speed date event of the Go remote project was held in Croatia under the leadership of the Local development agency Pins. Speed dating presents 1:1 interviews between motivated job seekers and employers. Each conversation lasts 5 minutes. Because 5 minutes is a very short time, both job seekers and the company representative must be well prepared to make the most of the time.

Go Remote International Digital Marketing Course with the use of AI Tools!

**“...5 LIVE ZOOM Interactive sessions starting in October 2023 ...”**

In addition to the participants of the training for Digital Marketing and Development of a website using Word Press, many other young job seekers joined the event. During the event, employers and job seekers exchanged contact information and some of them arranged follow-up meetings. The event took place on the innovative and interesting Gathertown platform; you can see how everything looked in the photos. End of the second round of training On June 29th, the final training lectures for Digital Marketing and Website Development via Word Press will be held. We are sure that the training participants learned a lot from the lectures and exercises prepared for them by trainers.

## Cooperation between the Local Development Agency Pins and the Employment Office

The Employment Office of the Primorje-Gorski Kotar County supported the work of the Local Development Agency Pins through cooperation.

Through the Go remote project, Pins supports and encourages the employment of the NEET group of young people and the same is done by the Rijeka Career Information and Counseling Center, which is managed by the Employment Office. Good results will certainly be achieved with joint cooperation.
